### IT'S THE ONLY GREEN LABEL GRAMINICIDE!

#### Ryegrass control test

**Location:** Crespo, Entre Ríos.

**Agricultural engineer:** Esteban Muñiz.

- › It controls annual and perennial grass in just one application.
- › As it is nanoformulated, it does not need oil addition.
- › It can be combined with 2,4-D Dédalo Elite to control grass and broadleaf weeds in just one application. You can save up to 10 USD per hectare.
- › Recommended dose: 400 a 900 cc/ha.
